

Data Flow and Timing

BFS / CalAnswers Financials

* Data pushes every three hours between 9:00am and 9:00pm.

** A snapshot of all active employees is taken in early Q3 and is optional for planners to copy to plans.

Check <http://budget.berkeley.edu/systems/calplanning> for details on timing of data pushes and updates to CalPlanning system availability.

Data Refresh Frequency

- - - - - - - - - - Nightly or multiple times daily
- - - - - - - - - - Monthly
